

8th Journées des Actinides - April 17-18, 1978.

Liège, January 23, 1978.

We have the pleasure to announce that the 8th meeting "Journées des Actinides" will be held at the University of Liège (Sart Tilman) on April 17 and 18, 1978.

The programme will consist of two main lectures on general topics and of a series of communications (10 to 15 minutes) in English or French.

We will do the utmost to concentrate the formal presentation of the talks on one day and a half so as to allow the participants who wish so to leave Liège on April 18 in the afternoon. As far as possible, communications on solid state will be scheduled on April 17 while those dealing with solutions will be planned for April 18 in the morning.

You will have the opportunity of visiting the laboratory of Radiochemistry on April 18, in the afternoon.

We sincerely hope that you will be able to participate to the meeting and we invite you to present a communication on some of your recent research.

In order to insure a proper time-table, we would like to receive your registration form before February 28.

At the beginning of March, we will send you, with the detailed programme, a registration form for the lunches and the dinner of April 17.

For any additional information, please contact the secretarial office of Professor G. Duyckaerts  
Laboratoire de Chimie Analytique et Radiochimie - Bât. B6  
Université de Liège au Sart Tilman - B 4000 Liège (Belgique).  
Tel. : (041) 56.14.10.
